FRIDAY MORNING, FEB. 27TH 1874.

L. P. FISHER, 20 and 21 New Merchants' Exchange is our authorized Agent in San Francisco.

The Reform Victory at New Westminster!

[From the Mainland Guardian.]

* * * We have, by sending to Ottawa a sound Reformer, declared that we were no party to the corruption involved in the charter selling at the capital. As a community we are free from any connection with political fraud. * * * Although the returns from Victoria District are before us, in which Mr. DeCosmos is placed at the head of the poll, we have still some lingering hopes that that result may be by some means reversed, and that the two gentlemen immediately succeeding him in number may be ultimately declared elected. We are aware that extensive jobs are to be secured, and men wielding great influence in the Province are not beneath lending their aid in order to secure a share of the plunder, but we believe they are mistaken in their calculations, and would be better employed morally and materially in placing British Columbia in her proper sphere, in relation to our brethren at the East. We cannot, at this time, avoid looking at the part we ourselves have taken in relieving this district from the incubus which has so long oppressed it. With unflagging perseverance we have supported the cause of right and justice against the most disgusting form of tyranny—the tyranny of capital and ignorant egotism, over struggling and inoffensive citizens. The contemptible grovelling of some, before, what they supposed was the golden calf, but what is in fact but a clumsy toy besmeared in pinchbeck, was very humiliating to see, and we are glad to think had much to do in bringing some of the deluded creatures back to their senses. It only required an affair like the recent election to show them how deluded they had been, and how, by dint of mountebank bragging, they had been induced to debase themselves. Let this be a warning to the citizens, which we trust will convince them that they are sure to suffer if they are led by the false glare of assumed wealth to sacrifice their manhood.

[From the Guardian.]

Cariboo.

WILLIAM CREEK.—Jenny Lind co., Richfield, is working and taking out over pay, the company is prospecting on Walker's gulch and running a drift into the hill. The Independent co., Cariboo co., Carne co., McPherson co., Raby co., Ballarat co. The Lane & Kurtz co. commenced pumping with their new steam pump on Tuesday last and took out their water without any difficulty; they are prepared to drift again.

STOUT'S GULCH.—The Wintrip co., are working in the old diggings of the Alturas ground and are taking out pay.

LIGHTNING CREEK.—Spruce co., is on good pay. Point co., taking out about expenses. Vancouver co. took out 35 oz. for are going through slum at present; their engine works finely. The Costello co., a few days ago lost their shaft—cause, slum.

CARIBOO ELECTION.—Rumor hath it that R. McLeese, Esq., of Soda Creek, will contest with Mr. Thompson for Dominion Legislative honors; the former is said to be on the "Grit" ticket.

LECTURE—A lecture was delivered in the Wesleyan Church, Barkerville, by the Rev. J. Hall on Friday night, the 6th inst.,—subject, "An indication of the line of argument by which the genuineness of the Bible is established." The Rev. gentleman was evidently master of his subject, and delivered a most instructive lecture to an appreciative audience. The proceeds of the lecture, which were very satisfactory are to be applied to the liquidation of the debt on the Parsonage.

CASSIAR—Quite a number of men are leaving Cariboo bound for the new diggings. Success attend their enterprise.

CARIBOO MAIL IRREGULARITIES.—The first mail since the 17th January arrived here on Tuesday, the 2nd inst.,—no newspapers—nothing but letters; it is now *twenty two days* since any newspapers arrived here by mail, and it is said we need not expect any letters or newspapers until the middle of next week; great indignation prevails here in consequence of these unprecedented mail irregularities.

ROADS—From Oregon Jack's to Barkerville are said to be in fine order.

MAIL CONTRACT.—The Harvey Creek mail contract has been awarded to Messrs Neith & Borland.

FATAL ACCIDENT.—The body of C. M. Kimball, Keithley expressman, who was buried in a snow slide on the six-mile creek near Antler, was found on Sunday night last, the 1st inst., at 11 o'clock, having been 48 hours in the slide before he was found. The mail, express matter and treasure were found strapped to his back. The deceased had evidently been killed instantly—he was brought on a hand-sleigh to Barkerville, where an inquest was held before Dr. Thos. Bell, Coroner, and a verdict of "Accidental death" was brought in by the jury. The body was interred in the Cameronton cemetary on Tuesday, the 3rd inst, Rev. J. Hall officiating; a large concourse of friends following him to his last resting-place. The deceased was universally respected; he was 38 years of age, a native of Massachusetts.

GOLDEN OIL.—There will be, we hear, an agent sent through this entire Colony by the celebrated Dr. Delaney, of London, with one of his latest discoveries, known as the Golden Oil. Its equal is not known for the instant removal of aches and pains of all kinds. It is a sure cure of Rheumatism in its worst form, and excellent for burns, scalds, diptheria, etc. All should try it. *

THE VICTORIA BINDERY.—Books of al descriptions bound in elegant Turkey, Morocco or common sheep. Paper ruled to any pattern. Receipts numbered and perforated. Charts or Maps mounted on linen with rollers attached, or with cover suitable for the pocket.—R. T. WILLIAMS, at T. N. Hibben & Co's. **

ISOLATION.—There is scarcely a more extreme point of the Globe, so thoroughly destitute of the means, and appointment of conveying daily and weekly intelligence, than this Province. Although foreign to this subject, which is perhaps not very flattering, there is a commendable vigor and vitality about the place of our chosen sojourn, which indicates a real appreciation of every reasonable novelty. As proof of this, the avidity with which the observance of every season, or fete, becomes as a rule, marked with a particular interest. There is one in prospective called "St. Valentine's Day" which seems to retain its briliancy, almost as well now as when it was instituted. Bountiful provision has been made to supply these mischievous, widespread, licensed liberties, both sentimental and absurd—by T. N. HIBBEN & Co. **

Indistinct Ailments.

There are many distressing symptoms of disease the causes of which are uncertain. Debility, nervous irritation, mental stupor, and headache, for instance, may possibly be symptomatic of chronic disease in some particular organ; yet, in a large majority of cases, at least, they arise from indigestion, and morbid conditions of the liver and bowels engendered by a foul stomach. When this is the case a few doses of Hostetter's Stomach Bitters will usually effect a complete cure, but should the symptoms be only mitigated without being entirely removed by a brief course of the remedy, let it be continued until every trace of the disease has vanished. Dyspepsia is a wonderful mimic. It imitates with startling accuracy the indications of heart disease, brain disease, kidney disease, and half a dozen other frightful ailments, and when the doctors have solemly announced the existence of one or other of these complaints, half a dozen doses of the Bitters will, in most cases explode their theories by curing the patient.

OLD CHICORY is almost a thing of the past. Finlayson's Coffee presides over the present. It has now superseded what used to be claimed as "superior to any other manufactured on this coast," and will soon be found on every well-furnished table in the Province. Prepared at his premises on Fort street, and sold by all the principal dealers. **

LONDON HOUSE.—By the Prince Alfred Turner, Beeton & Tunstall received a very large lot of Ladies' Costumes which have been bought at a very low price and will be sold at a corresponding rate. Also, a full assortment of Alexandre's Kid Gloves & new patterns, Oxidized Buttons, &c., &c., and the Paray le-Monial Cloak. **

FRIDAY MORNING, FEB. 27TH, 1874.

First Provincial Legislative Assembly.

THIRD SESSION.

The Speaker took the Chair at 1:05.

The House went into Committee of Ways and Means, receiving and adopting reports on same.

SUPPLY BILL.

This bill, granting the sums of $754,829 66 for defraying the charges and expenses of the Province during the current year, and $47,870 71, to make good the charges detailed in the Supplementary Estimates, was read a second and third time and passed.

Second reading of the

BSITISH COLUMBIA LOAN ACT.

Mr. Walkem said the object of the bill was to enable the Government to borrow money in order to carry on the public works in the event of Canada declining to pay over the moneys applied for in the bill to alter the Terms of Union.

Mr. Robson was glad to hear the Attorney General thus tacitly admit all the charges of the Opposition. He was sorry the admission had not come earlier. The hon. gentleman had said it was possible, from the agitation on the other side, that Mr. Mackenzie's Government would not attempt to meddle with the Terms, and it was certainly implied, if not said, that in that case we should not get any money from that source. Hence the necessity for this bill, the existence of which was, he considered, a proof that the Opposition had been just in their suspicions.

Hon. Mr. Walkem said it was the object of the Government to see the Canadian Ministry carry out the Terms, and he believed that they would; but it was only right for them to guard themselves on every side, and for this reason the bill was brought in.

Mr. Smithe was very glad if the Ministerial side of the House could congratulate themselves; and was glad also to hear them admit practically that the Opposition had been right all the time. The leader of the Government seemed now to think the money could not be got from Canada; hence the bill before the House authorizing them to borrow in the London market or elsewhere. In the Governor's speech it was asserted that the arrangements for obtaining the money were made; and now we find the Government seeking power to obtain it in some other way and place. He was afraid the charges of the hon. member for Nanaimo were true, and that we had been expected to pass a bill to alter the Terms of Union as a condition of obtaining the money, and the Opposition had forced the Government from point to point until they had practically killed the bill, thereby rendering necessary the measure now under consideration.

Mr. Booth admitted that it was not probable now that we should get the money from Canada; and expressed himself as being sorry to be obliged to vote for the bill as a last resource, in the event of the failure of the Canadian scheme.

Mr. Humphreys said this bill was a practical admission that the whole time of the House up to the present day had been thrown away; there was no provision in the bill stating what was to be done with the money named in it. He criticised the mission of Mr. DeCosmos to Canada, and said the whole thing amounted to this: that the People's money had been paid to enable him to sell the most valuable right we had obtained by union with Canada. The present bill admitted it. He intended to vote against it; and believed it would only involve the Province in debt. The Government had proposed, by opening the Terms, to destroy the only basis of credit we had, and then they brought down this bill to borrow money, well knowing that we could not do it. What was the only legitimate inference? Why, that gentlemen opposite thought more of retaining their seats than of the interests of the country; and the whole thing was discreditable to those who introduced it. He believed it was to the interest of the country that its resources should be husbanded, and not spent in making trails for glory. He would advise hon. gentlemen not to be led away by a temporary majority, whose seats were far from being secure. If the Government had submitted at the commencement of the session a bill to borrow a large sum of money for a specific work, he would have voted for it; but the course they had adopted was one which was a bad example to any future Government.

Mr. McCreight said he believed it was admitted now by the Government that the bill lately passed contained no useless saving clauses. It seemed, also, to be admitted that it would prevent us from getting the money. It would follow, logically, that there was reason to fear that the Opposition had been right He would like to know, in the event of the Canadian Ministry after all passing the bill, saving clause and all, and paying the money, was it still intended to borrow the money mentioned in this Loan Act; if not, why was there nothing in the bill to prevent them doing so. He would vote against this bill.

Mr. Mara said there never had been a time when public works had been so necessary. This bill was an admission on the part of the Government that they had been wrong. He considered the Government were not right in spending so much as $105,000 on the Yale-New Westminster road; but he would support the bill.

Mr. Semlin supposed that the Government intended to obtain the money to carry on the public works until the money could be obtained from Canada.

Mr. Robinson would oppose, if so.

Mr. Walkem said it was only intended to employ the power granted in the event of the money not being obtained from Canada.

Mr. McCreight proposed a clause, providing that the bill should have no effect if the $1,200,000 was paid by Canada. He wished to make the borrowing of the money contemplated in the bill now before the House entirely contingent on the non-payment of the moneys which it was proposed to take over in the bill to alter the Terms.

Mr. Walkem objected to the clause and said Mr. McCreight was consistent in his opposition. He had killed one Bill and wanted to kill another. He accused him of wishing to prevent the Government from undertaking any public works in the country. He contended that it was necessary to go into the money market with a clean sheet and that the insertion of the clause would leave doubts on the part of capitalists. He said it was absurd to suppose that a Government would borrow the money for amusement and that doing so would lead to their being ousted on the first opportunity. He complained that the clause was an insult to the Government.

Mr. Booth supported the Government.

Mr. Robson compared the case of the Bill authorizing the obtaining of the money from Canada by altering the terms and the present one, to the first and second bill of exchange and that it ought to follow that if the money was procured from the first the second it ought to be dropped. The assertion that the proposal to put in a clause such as Mr. McCreight proposed was no insult to the Government and was a mere piece of childish touchiness. Business is business and the house ought not to be told anything of the kind. As to the opinion that it would damage the chance of getting the money from England; he thought the reverse.

Mr. McCreight said the complaint of this being insulting to the government was the same sort of thing as the Saving Clause in the Terms Bill was insulting to Mr. Mackenzie. No business man was ever insulted by having things done in a business manner. We ought in borrowing to own to the lenders that we were at the moment proposing to take over $950,000 from Canada and tell them that the loan we sought from them was conditional or on our not getting this money from that source. The idea of concealing this fact from the men we wish to borrow from was certainly more sharp than honest.

Mr. Beaven said the Government did not intend to borrow this money unless they failed in Canada; but he did not see the necessity of saying so in the Bill itself.

Mr. Smithe thought that the clause was perhaps unnecessary, but while it could do no harm it might do good. He thought that the fact of the situations of the Government being at stake if they did not keep their word was some guarantee of their doing so.

Mr. Robson said the government were asking the House to enable that government to borrow double the amount put down in the Estimates, and he could not see why they opposed the insertion of the required clause, and that it would improve rather than damage the credit of the Province.

Clause lost.

The Bill was read a third time and passed, the division being as follows:

YEAS—Holbrook, Booth, Duck, Barnston, Hughes, Smithe, Walkem, Beaven, Ash, Armstrong, Hunter, Smith, Todd and Semlin.

NAYS—McCreight, Humphreys and Robson.

Mr. Robertson was not present and Mr. Robson voted against the Bill on account of the refusal of the Attorney-General to insert a clause debarring the Government from borrowing the money in the event of the $1,200,000 being obtained from Canada.

Mr. Walkem moved the second reading of the Water Works Debentures Guarantee Act 1874. (The substance of this Bill will be found in another column). He explained that the Government could not lose anything by the operation of the Bill because of extraordinary powers granted to them by the Act itself, and that the House might safely pass it.

Mr. McCreight said that if the Corporation failed to pay the interest the government simply advanced the necessary sum and then issued a warrant to the sheriff who will take the Assessment Roll, strike a rate and go round and collect the money, and if any one does not pay, the sheriff can sell his goods and the Government could not be brought into debt because they had the whole real estate of the city to fall back upon.

The Bill was committed after some discussion, read a third time and passed.

Mr. Semlin rose to a question of privilege. In this morning's COLONIST he was represented as having opposed the opening up of a road from Nicola Valley to Hope he had simply read a letter from a gentleman in which the writer stated what he wished for his district; but he [Mr. Semlin] had not opposed anything of the kind.

Mr. Smith made a similar complaint.

Mr. Robinson followed suit.

Mr. Smithe also rose to a question of privilege. He complained that the *Standard* had not made the proper correction, and he thought the House ought to see that it be done.

Q. and R. Voters Bill read a third time and passed.

REPORT ON LICENCES ORDINANCES AMENDMENT BILL.

Mr. Holbrook objected to the bill because it would compel a holder of a license to go round every six months and get up a petition for its renewal. He thought that when a lease had once been granted to a man he should not be put to this inconvenience. He would vote against it.

Mr. Walkem said he also objected to the bill for similar grounds. It was not fair to give a man a license and when he had gone to expense in fitting up a house put him at the mercy of his neighbors. Best to postpone the matter until the whole system could be revised.

Mr. Robson said that from the support he had received on the second reading of the bill, and the shower of compliments he received in the lobbies, he almost fancied he had done something marvellously good, and he was surprised at the opposition it now met with. He moved the recommittal of the bill. Recommitted.

A long discussion ensued during which several wrangles took place.

Mr. Barnston made an ineffectual attempt to kill the bill by a motion that the committee do rise. Mr. R. Smith also perseveringly attempted to dispose of the measure by quoting from the rules of Parliamentary practice to show that anything relating to trade must originate in a committee of the whole House, and this, having been introduced by motion was out of order, but his objection was ruled out of order, and he called to order by the Chairman.

An Amendment proposed by Mr. McCreight "That this act shall not apply to any application for the renewal of a license already granted" was added to the bill which eventually read a third time and passed.

Mr. Booth moved a resolution relating to the modification of the tariff, which caused considerable discussion.

Mr. Walkem contended that it was out of the jurisdiction of the Local Legislature.

Mr. Humphreys wished to know if the Government intended to bring down the measure promised by the late leader of the Government for the protection of agriculture and which was to give satisfaction to every farmer in the Province.

Mr. Walkem had no intention of the kind and he knew of no official promise to that effect. Mr. DeCosmos might have promised, but the present was not his government. When Canada borrowed the $150,000,000 to construct the railroad she might alter her own tarfff and then something might be done.

After some further discussion Mr. Booth withdrew his resolution.

Mr. Walkem announced that the Governor would prorogue the House on Monday next and the sitting of the House was adjourned till 2:30 on that day.

The Reform Victory at Nanaimo.

BUNSTER, 209! ANDERSON, 84! CAREY, 37!

By the arrival of the steamer Maude, yesterday, we have confirmation of the election of Mr. Bunster by a large majority. The official figures are as follows:

Bunster	209
Anderson	84
Carey	37
Rejected	11
Total	341

The number of votes cast at each polling place was as follows:

Sooke	9
Nanaimo	119
Comox	32
Maple Bay	37
Cowichan	26
Burgoyne Bay	9
Ganges Bay	15
North Saanich	32
South Saanich	24
Lake	38
Total	341

Having already sung the pean of victory over the general result of this tremendous avalanche of Reform votes, we have only to add that we believe Mr. Banster will prove true to the principles to carry out which he has been returned. His career in the Local House has demonstrated that he can neither be coaxed nor driven from the path of duty by Government smiles or frowns. He is a man of sturdy independence and unswerving patriotism, and Vancouver has acted wisely in entrusting her destinies to his keeping.

FROM THE EAST COAST.—The mail steamer Maude, Capt. Holmes, arrived yesterday afternoon from Nanaimo and Way Ports, with the mails, 6 head of cattle, some produce and the following passengers: Sheriff and Mrs. Woods, Capt. and Mrs. Clark, Rev. P. Jenns, Capt. Egerton, Capt. McCullough, and Mr. O'Connor. Capt. Holmes reports the ships Levi Stevens, at Newcastle Island loading; the Commodore loading at the Douglas mine At Departure Bay the Wellington is loaded and waiting for a tug, and the James Bell loading.

THE N. W. *Herald*, sore from the defeat of its candidate, thus refers to our dispatch announcing the return of Mr. Cunningham:—

"We would like to know whether that dispatch was 'cooked' in the *Colonist* office, or whether it was actually sent as printed, by some local jackass. The concluding sentence inclines us to accept the local jackass theory."

Our contemporary is in error. We were not indebted to *him* for the dispatch.

ACCIDENT.—Last evening a horse attached to a verandah-post at the corner of Yates and Government street, became restive, and in endeavoring to free himself got entangled with the lamp-post and shook the glass out of the lamp and threw himself down, breaking the shaft of the buggy to which he was attached, but was fortunately taken in charge and led off to Bowman's stables.

THE steamship Prince Alfred sailed last evening for San Francisco. Amongst her passengers were: Capt. Raymur, Doctor Powell, Thomas Smith, H. O. Bowe, J. Hall, L. Ductre, M.B. Levy, Thos. King, H. C. Lyons, F. Manifold, W. Houghton, P. Hayden and G. Brown.

FROM THE WRECK.—The steamer Cyrus Walker, Capt. Walker, arrived yesterday afternoon from the wreck of the ship Panther. The steamer spent nineteen days in attempting to float the ill-fated ship, and the owners have now abandoned her. The wreck, as it now lies, will shortly be sold.

THE steamer Enterprise, Capt. McNeil, arrived from New Westminster at 4 p. m. yesterday with the following passengers: Judge O'Rielly, E. Dewdney, S. P. Moody, A. Watson, Sullivan, Ferguson, Crimp, Chisholm, F. Kaye, J. Orr.

THE following amounts of treasure were shipped yesterday through Wells-Fargo's Express: Bank British Columbia, $33,987,77; Bank British North America, $13,070 90;—in all, $47,060 75.

SOUND THE GLAD TIDINGS!

VICTORIA DISTRICT ELECTS BOTH REFORM CANDIDATES!

And Whips the Government Forces out of their Boots!

The polling in Victoria District (comprising the Districts of Victoria, Saanich and Lake) took place yesterday and was hotly contested by the friends of the candidates, a great deal of activity being shown on all sides. The Polls were opened at 8 a. m. and closed at 4 p. m. A great many private vehicles were kept running during the day conveying voters to and from the Polls; but, so far as we could see at the schoolhouse, there was no treating or bribing (such as disgraced the Government side last week). The utmost good humor characterized the proceedings throughout; toward which the excellent arrangements of Mr. C. T. Prevost, Returning Officer, contributed in a great measure. The number of votes cast at the Schoolhouse was 169; and from the first it was apparent that Dr. Tolmie, Reformer, would head the Poll. and that Mr. Robertson, Reformer, would follow him, The votes cast at Lake numbered 21; at South Saanich, 16: at North Saanich, 30.

The ballot-boxes were all received before 9 o'clock, and the counting was done at the schoolhouse in the presence of the candidates. At 10:15 o'clock Mr. Prevost announced the result to be as follows:

Tolmie (Reformer)	141
Robertson (Reformer)	108
Dalby	97
MacIlmoyl	72
Horth	25

The result was received with loud cheers by the friends of the successful candidates, and there was a general rejoicing in the City and District at the reform victory. The successful candidates were escorted home by delighted crowds, and afterwards serenaded at their residence by Schaffer's Band.

Political Meeting at Saanich.

Minutes of meeting held at Prairie Tavern, South Saanich 23rd of February 1874.

Moved that Mr. Imrie take the Chair and that Mr. Robt. Johns officiate as Secretary; carried unanimously.

Mr. W. A. Robertson was called upon to address the meeting and did so at considerable length. He thoroughly discussed the leading political issues of the day in a very satisfactory manner, his political views eliciting much applause.

Dr. Tolmie and Mr. McIlmoyl also addressed the electors and like Mr. Robertson's their addresses gave general satisfaction.

Mr. T. B. Humphreys, who was present at the meeting, was loudly called for by the electors. Mr. Humphreys made a very eloquent speech, and called upon the electors to return two members who would be true to their colors and support the measure, which they have enunciated in their addresses. Mr. Humphreys retired amidst loud and continued applause.

A vote of thanks to the Chairman and Secretary terminated the meeting.

Moved by Doctor Tolmie that the document be sent to Victoria for the absent candidate to sign.

Seconded by Mr. McIlmoyl, and carried.

Lower Fraser News.

The *Herald* is quite despondent over the defeat of Mr. Homer and sheds tears copiously through the leading column. The lachrymose editor seems to imagine that the bottom has fallen out of the country.

The *Guardian* is naturally rejoiced at the result. That paper has stood well by its candidate in opposition to the Ring and deserves well of the country.

FEDERAL SALUTE.—Lieut.-Commander T. Scott, accompanied by a number of the corps (the Seymour Artillery) and the band, proceeded to the battery and fired, we are told, the first Dominion federal salute on this coast. The demonstration was in honor of the election of Mr. J. Cunningham to the Commons at Ottawa. —*Guardian*.

EDITOR COLONIST.—The *Standard* has been trying for the last two weeks to amuse its few readers with words strung together intended for poetry. Whoever the "Genial and Gifted" poet is I would advise him to saw off one leg and walk around San Francisco with a crutch, and if he is as good at singing as he is at poetry, people will give him plenty of short bits to pass on to the next street.

AN EX-SUBSCRIBER TO THE STANDARD.

MISTAKE.—In the card published yesterday with respect to the attempt to bribe a member of an election committee, the name "J. G. Munro" should read J. G. Mann.

CANADIAN PARLIAMENT will meet on the 26th of March for the dispatch of business.

PROROGATION.—The Local House will be prorogued on Monday next at half-past 2 o'clock.

Von Moltke on the Future of Germany.

BERLIN, February 16th.—In the Reichstag to-day, General Von Moltke, in the course of his speech in support of the new Ministry bill, said:

"What we acquired in six months we shall have to protect by force of arms for half a century to come. France, notwithstanding the majority of her people are convinced of the necessity of peace, is imitating our military organization." He concluded: "We have become powerful, but to remain peaceful we require an army for defence, not conquest."

—The British House of Commons numbers 652 members, distributed as follows: For England and Wales, 489; for Scotland 60; for Ireland, 103.

—Stafford has sent a workingman to the English Parliament. Among those defeated are Prof. Fawcett, who is blind, and Mr. Jacob Bright, brother of John Bright.

They show the total expenditure of the year to have been $2 460,212 23, against $1, 847,956 57 expended in 1872, or an increased outlay of $612,25566. Of this sum $543,968 is represented by the six following items:—Colonization Roads, $70,150; Public Works and Buildings (*capital account*), $287,625; Immigration, $101,428; Education, $41,703; Municipalities Fund (a matter of account only), $43,062; Crown Lands, $9, 776.

FORT GARRY, Feb. 7.—Hon. D.A. Smith, Hon. R. G. B. Bannatyne, and Mr. Frank E Cornish were nominated to-day for Selkirk. It is understood that Mr. Cornish will retire in favor of Mr. Smith the Government candidate. Mr. Bannatyne is a strong Oppositionist.

Dr. Schultz and Mr. Hay were nominated for Lisgar, Messrs. Riel and Hamelin for Provencher, and Messrs. Cunningham and Ryan, both Ministerialists, for Marquette.

New South Wales.

There has been no business transacted by Parliament since the recess; nothing but talk about what was originally a minor matter, arising out of the management of a volunteer company. This has been swelled into a question of grave import by the interference of the Governor, who denies the right of the Assembly to meddle with military matters, and asserts that, as Commander-in-Chief, he is to be supreme.

The finances of the colony, were never so plethoric as at the present moment. The Colonial Treasurer boasts of a credit balance of nearly ten million dollars, besides the collections of the current month. Last year's revenue amounted to £3,330,913, a net increase of £519,000 over the receipts for 1872.

The grain harvest is so plentiful in all the Australian colonies that England will have to become the granary of a large portion of it. The only cargo of foreign wheat received last year, that ex Atalanta from California, had just been shipped to London rather than sell here at a loss. The wool growers also boast of a most prosperous season, with an increase in the clip sufficiently large to compensate for any depreciation that may occur in value.

H. M. S. Basilisk is at present refitting in Sydney, prior to resuming the survey of the New Guinea. The gun-boat Sandfly will act as her tender, so that the work may be completed at an early date.

VICTORIA.

Intercolonial contests have extended to hand-ball matches, the first of which took place at Melbourne this week between four Victoria and four Sydney players. The latter were victorious, winning two out of three events.

The Government have at length resolved on an alteration of the Mint charges for the coinage of gold. They have, in fact, abandoned the charges formerly made, and adopted a scale assimilating their charges more closely to those used at the Sydney Mint from the first. On parcels of less than 1,000 ozs. of gold the charge in future will be 5d. per oz., and on parcels of 1,000 oz. and upward, at the rate of 3d. per oz.

Grace and his team of English cricketers have disappointed the colonial public. Their first match against eighteen of Melbourne was won by the eighteen in one innings, with 25 runs to spare. At Ballarat they played a drawn game against a local twenty-two, and were beaten by a similar number of Stawell players. Their next effort was against twenty of Warnamboal, who suffered a defeat. Grace visits Sydney next week to play a three days match.

QUEENSLAND.

The first Parliament constituted under the new electoral law met on the 6th, and its first act was so decidedly hostile to the Government that Mr. Palmer resigned office. The leader of the Opposition was then requested to construct a Cabinet, and he has done so, with Mr. Macalister, Premier and Colonial Secretary; Mr. M'Ilwraith, Minister for Works; Mr. Stephens, Minister for Lands; Mr. Hemmant, Treasurer; Mr. M'Devitt, Attoney-General; Mr. Thorn, Postmaster-General.

The House voted £150,000 as a temporary supply and then adjourned to March 25th. The financial operations of the past two years showed a surplus revenue over expenditure of about £240,000. After liquidating the previous deficit of £56,000, it is proposed to devote the bulk of the surplus to carrying out public works.

A. GILMORE has just received a large assortment of Canadian and English Custom-made Clothing, which he will sell at Reduced Prices; therefore the public are invited to call and select for themselves and make their purchases before going elsewhere.

Political.

To the Electors of Victoria, Lake and Saanich Districts.

GENTLEMEN:—As a candidate for one of the seats in our Provincial Legislature, vacated by the resignation of your former representatives, Messrs DeCosmos and Bunster, I have the honor to submit to you my views on some of the political issues of the day and hour.

On the great and all-absorbing present question of our doing aught,—such as borrowing or taking money —susceptible of being construed into willingness to have the Terms of Union meddled with, until the Dominion Premier's proposals for relaxation of the same shall have been laid before the people of British Columbia for their consideration; I am decidedly of the opinion that we should most carefully abstain from in any way disturbing the Act of Union until Mr. Mackenzie's proposals for relaxation of the Terms thereof shall have been agreed to by us

For every relaxation of these Terms thus conceded, our Province is entitled to due compensation, and I have no doubt but that the present Dominion Government will deal with us in a fair and liberal spirit, and that we on our part will make proper allowance for the difficulties of their position.

Let us, however, fellow electors, authorize no "leap in the dark," such as our present Provincial Ministry, notwithstanding the well understood wishes of the people to the contrary, seems determined on taking.

Let us, with all due respect, have nothing to do with Mr. Mackenzie's present offers, until we fully know and have by special poll, petition or otherwise, assented to what his final requirements may be.

This can soon be done, and soon likewise when the next Parliament meets in London, can the intentions of the Imperial Government be ascertained as to the aid they mean to afford to the construction of a suitable Dock at Esquimalt.

The Local Government's late emissary to London on the Dock business, went, as it happened, in a most inopportune time, neither did he remain there long enough.

With regard to provincial politics, I am altogether against capitalizing any part of our subsidies from Canada. These we have in perpetuity and it is a reckless and spendthrift policy to make away with any part of that inheritance.

I am by no means opposed to borrowing money in London for the furtherance of well devised schemes for the development and settlement of the country, such as are likely in due season to yield tribute to the provincial exchequer.

As to our local affairs, having lived among you since 1859, it must be known to most of you that, being engaged in making a farm, I have always interested myself in whatever concerned the farmer.

Gentlemen, if elected as your representative in the Provincial Parliament, I promise, without sectional bias and in fairness to all, to devote my best attention to the sustentation and further improvement of our Free Schools, the repair and extension of roads, and to all else tending to make us, in every good sense of the term, a progressive people.

fe17 WM. FRASER TOLMIE.

To the Electors of Victoria District, Lake, North and South Saanich.

GENTLEMEN,—Having received a requisition signed by a number of influential electors of your district, asking me to allow my name to be put in nomination as one of your representatives in the Local House, I have much pleasure in acceding to your request, and should you do me the honor to elect me, I shall use my utmost endeavors to advance your interests and to see that the wants of your district are properly attended to. If elected, I will consider it my duty to support measures and not men; and at all times feel bound to support such measures as are for the general welfare of this Province, and more particularly for your district. I am not in favor of interfering with the Terms of Union by which the commencement of the Canada Pacific Railroad should be retarded.

I remain, gentlemen, your most obedient servant,

fe17dw WM. DALBY.

To the Electors of Victoria District, Lake, North and South Saanich.

GENTLEMEN:—As an elector in your district and a co-worker with yourselves, I aspire to the honor of being one of your representatives in the Provincial Parliament. If elected, I shall endeavor to the best of my ability to further, protect and encourage the interests of the district and the Province at large.

In politics I am thoroughly independent, asking no personal favors from, and having none to give to Government, party, or faction, except a hearty support to every measure calculated for the benefit of the people, emenating from whomsoever it may.

It is my earnest desire to see the agricultural interests of the Province fostered and protected, as well as all other interests that tend to develop the resources of the country.

I am in favor of making good roads in settled districts first; and when we have more funds at our command then open new trails and roads in more remote districts, except trails and roads to new mines, which should be done as soon as possible.

I shall oppose, by all fair means, the locking up of agricultural, timber and mineral lands in the hands of speculators; but would encourage to the utmost bonafide actual workers by free grants of land and other inducements. Immigration and Education, which give power and numbers, are what we most need to develop the latent riches of our country. Any scheme calculated to foster these I will cordially endorse.

I am opposed to tampering with or changing in any way whatsoever the Terms of Union without the consent of the people having been first obtained.

I am, gentlemen, your obedient servant,

fe17 W. A. ROBERTSON.

To the Electors of Victoria, Lake, North and South Saanich.

GENTLEMEN:—At the request of a number of the Electors of the above district I am induced to offer myself as a candidate at the forthcoming election for the representation of your district in the Provincial House of Legislature.

In soliciting your suffrage for the honor, it may not be out of place, as I am personally unknown to many of you, to state that I have been identified with the Province for the last thirteen years in various capacities, and have consequently had an opportunity of observing the different phases through which the Province has passed into its present position—an integral part of the Dominion of Canada.

Should you deem me worthy of your confidence and support by electing me to the position, I pledge myself to be an untiring advocate of the interests of your district, as a guarantee of which I may here state that by so doing I would be forwarding my own. But while so immediately pledged to the interest of your district, I would not forget the general welfare of the Province at large in any measure that may arise affecting it, and would in this event endeavor to discharge the duties of a member in as conscientious and satisfactory manner to the best of my ability.

In reference to the vexed question of capitalization I contend that the Terms of Union between this Province and the Dominion of Canada should be kept intact; any attempt to interfere or relax any of them would meet with my strongest opposition until the wishes of the people could be ascertained concerning such alteration or relaxation as might be proposed.

Any measures for the furtherance of Free School Education, Building and Repairing Roads and Bridges through the entire district would receive my earnest attention.

I am, gentlemen, your obedient servant,

C. W. HORTH.

North Saanich, Feb. 10th, 1874. fe17

To the Electors of Cariboo and Lillooet.

GENTLEMEN:—An unexpected dissolution of Parliament has brought me back to you in the middle of an inclement winter, to solicit again your support for the representation of your important District in the House of Commons of Canada.

During the time that I have had the honor of being your representative, I have tried to the best of my ability to act for the interests of our Province, and if you think that I have done so, and that you can confide in me for the future I shall look upon your verdict in my favor as my best recompense.

A change of Ministry has taken place; the party under whose auspices British Columbia entered Confederation has been driven from power, under circumstances which are no doubt familiar to you all. What effect this change may have in our relations with the Dominion remains to be seen; however, I consider that in any case the first duty of every British Columbia member should be to ignore parties and prejudices and give a fair trial to the new Administration, with a cordial support so long as they carry out the Terms of Union in their integrity.

The immediate commencement and vigorous prosecution of the Railroad must be demanded. There has already been too much delay, resulting in great injury to our Province, and now is the time to unite in asking for justice and the prompt fulfillment of all pledges made at the time of Union.

I have the honor, Gentlemen, to be

Your Obedient Servant,

Dentistry.

C. Francis Barnard, M. D.

SURGEON DENTIST.

DR. BARNARD HAS HAD FOR several months the "Perkins Hyatt" or "Celluloid Base," the newest and latest material adapted to the mounting of whole sets of teeth; he is also using "Whalebone-Rubber," which is rapidly supplanting, for single dentures or partial sets the best vulcanites of the last 25 years.

We cheerfully add Dr. B's card to our columns, convinced that his good taste and judgment, united to natural skill and ingenuity, aided by an extensive practice of upwards of thirty years, render his services more valuable and reliable than those of any other Dentist on the Sound, Coast or Island.

Dr. B's large experience may be readily seen in the happy and natural expression given his patrons by his life-like insertion of artificial Teeth.

The public may rest assured of patience, gentleness and undivided attention while under the Dr's hands, and that he will ever strive to be foremost in adopting helps and hints touching his own interest and that of his patrons.

OFFICE AND RESIDENCE—Douglas Street, between Dr Powell's premises and Willson's Tea Store. Business hours from 8 a m till 5 p m.

DIAMOND SPECTACLES

THESE SPECTACLES ARE MANUFACTURed from **"Minute Crystal Pebbles"** melted together and are called **Diamond** on account of their hardness and brilliancy.

It is well known that spectacles cut from Brazilian or Scotch pebbles are very injurious to the eye because of their polarizing light.

Having been tested with the polariscope, the diamond lenses have been found to admit 15 per cent. less heated rays than any other pebble.

They are ground with great scientific accuracy, are free from chromatic aberrations, and produce a brightness and distinctness of vision not before attained in spectacles.

Manufactured by the Spencer Optical Manufacturing Company.

For sale by responsible agents throughout the Union.

J. L. Jungerman

JEWELER AND OPTICIAN, IS SOLE AGENT FOR VICTORIA, V. I.,

From whom they can only be obtained. No Pedlars employed.

The great demand for these spectacles has induced unscrupulous dealers to palm off an inferior and spurious article for the Diamond. Great care should be taken to see that the trade mark ⟨⟩ (which is protected by American Letters Patent), is stamped on every pair. se6

DR. J. COLLIS BROWNE'S
(Ex Army Med Staff)

CHLORODYNE

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W. P Wood stated that Dr. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE; that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr J Collis Browne was the discoverer of Chlorodyne: that they prescribe it largely and mean no other than Dr Browne's—See TIMES, July 12, 1864.

The Public therefore are cautioned against using any other than

DR J. COLLIS BROWNE'S CHLORODYNE.

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvelous good effects and wonderful cures while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera, Dysentery, Diarrhœa, Colics, Coughs, Asthma Crump Rheumatism, Neuralgia, Cough, Hysteria, &c

The Right Hon Earl Russell communicated to the College of Physicians and J T Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet Dec 31, 1864.

From A Montgomery, Esq., late Inspector of Hospitals, Bombay: Chlorodyne is a most valuable remedy for Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months severe suffering, and when other medicines had failed.

Dr Lowe, Medical Missionary in India reports [Dec 1865] that in nearly every case of Cholera in which Dr Collis Brownes' Chlorodyne was administered the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox remedical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.

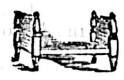

Extract from the general Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases,

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequent fatal results have followed

See leading article, Pharmaceutical Journal, Aug 1, 1865, which states that Dr J. Collis Browne was the inventor of Chlorodyne; that it is always right to use his preparation when Chlorodyne is ordered. "Dr J CoCAUTION—None genuine without the words Dver whallis Browne" on the Government stamp. ottle elming medical testimony accompanies each b

Annual Report, 1873:

Presented at the annual meeting of Subscribers held 14th January, 1874.

Treasurer's Statement:

Balance on hand at Savings Bank and Bank B.C	563 65	446 60
	$1147 97	$901 00

The above figures show a falling off in the Receipts of 1873, as compared with 1872; whilst the Expenditure of the year for relief of distress was considerably more than on the previous year. No Government Grant was received during 1873.

During the year help was afforded in the cases of 30 persons or families, the relief being continued in some instances (where the circumstances called for it) during several months, and the Relief Committee have good reason to believe that the aid rendered has done good service and been applied with due regard to the objects the Society seeks to fulfil.

Amongst the number of those relieved during the past year were 2 widows with children, 2 tradesmen and 2 mechanics (with families) whose reduced circumstances had arisen through ill health or other misfortune. Eleven indigent persons were assisted to reach their homes and friends, and the Society has in this respect again to commend the owners of the mail steamer "Prince Alfred" for the readiness invariably shown by them to further the objects of the Society.

The Ladies Committee (organized and distributed over 10 districts, covering the whole of the City) have proved most useful, and have prevented much delay in the administration of assistance from time to time. One or two attempts at imposition have to be recorded, which however were met and frustrated; but it is gratifying to know that the Society's help has been found acceptable where the recipients would have shrank from making known their distress known.

The good objects of the Society are so broad and comprehensive in their character that they should command the sympathy and support of the well disposed throughout the Province, and it is therefore hoped that the receipts of the present year may be augmented so that the usefulness of the Society may not in any event be jeopardized.
